Municipality applies for official plan

Anson, Hindon and Minden township council has applied to the Ministry of Housing for a municipality-wide official plan. The resolution approving the application was endorsed at a special meeting of the council Thursday evening.

Representatives of the Ministry of Housing and the Ministry of Natural Resources were in attendance to discuss the planning program for the municipality. At the moment the township is in the middle of a major revision of its zoning by-law. However, both ministries have indicated they will present formal objections to the revised by-law if it fails to recognize the hazard land area adjacent to the Gull River as it flows through Minden.

The challenge to the by-law had brought the revision to a virtual halt. In an effort to correct errors in the first edition of the draft, and to satisfy some of the objections with regard to recreational zones, the municipality had to virtually rewrite the by-law which was circulated last spring.

However, there appeared to be little chance that the final zoning by-law would satisfy either provincial ministry, so further objections were expected.

The meeting Thursday evening appears to have smoothed those rough waters.

In agreeing to obtain an official plan for the municipality, the council has also agreed to apply for an engineering study under the Ministry of Natural Resources to determine the extent of the area which could be affected by a flood, what impact additional development in this area would have on the severity of any flooding and other matters related to a flood situation.

The two provincial ministries have also agreed to endorse in principle that the area in Minden which could be affected by the flood would be granted Special Policy Area (SPA) status, which would ease some of the tough restrictions on development in an area which has been designated a hazard zone.

The SPA could not be granted previously because the municipality did not have an official plan.

In addition to embarking on an official plan for the municipality, a special committee of councillors and representatives from the Ministry of Housing will be established to determine what should be done with the half completed revision to the zoning by-law. The by-law will likely have to be changed again once an official plan is established, so that it agrees with the direction of the official plan.

A special committee will also be established to set the guidelines for the official plan study.

The council was told that the Ministry of Housing will provide 75% of the cost of an official plan. The municipality will be responsible for 10% of the engineering study to determine the flood impact area. The question of how much of the cost of the zoning by-law revision will be picked up by the Ministry of Housing is still up in the air. The ministry agreed to pay for a certain amount but if it is decided that the revision should not continue until an official plan is in place, several members of council wondered how much of that cost the ministry would absorb.

(An official plan is a statement of policy which lays out the direction development in the municipality is to take. While it may deal with specifics, its scope is often more broad. A zoning by-law is the mechanism by which an official plan is implemented. It details through maps and regulations, what type of development can take place and where. A zoning by-law contains details on building standards, setbacks and other mechanics involved in the development within a municipality.)

The members of the council were obviously pleased when the request for an official plan was endorsed unanimously.

They exchanged congratulatory hand shakes with the ministry official saying the move was an important and positive one for the township.

Parents will be informed of vaccination options

Parents whose children are required to have vaccinations against mumps, measles and rubella will now receive a letter explaining the options available to them. The move was instituted by the Haliburton County Board of Education following a concern raised by county doctors over the need to immunize students twice against measles and rubella.

The issuing of the letter of explanation will affect Haliburton village parents only, since it was only students in that community who had received the initial request form. Plans to circulate a similar request form for students at Archie Stouffer Elementary School in Minden have been altered to include the letter which Haliburton area parents are now receiving.

The seven doctors in the county had objected, in a letter to the editor which appeared in last week's edition of The Times and Echo, to the giving of a vaccination containing protection against the three diseases when some students only required protection against mumps.

The letter which is now being sent home for parents to

Skaters earn proficiency awards

On Tuesday, January 11, members of the Minden Figure Skating Club attended CFSA Test Day in Bancroft.

The following is a list of skaters and their accomplishments:

Sandy Bailey - Swing Dance; Warna Blakey - Second Figure; Lisa Box - Canasta Dance; Abby Burk - Preliminary Free Skate, Dutch Waltz; Misti Campbell - Preliminary Free Skate, Swing Dance; Lisa Carr - Ten Fox Dance; Dianne Garbutt - Dutch Waltz; Canasta Tango; Jennifer Gentle - First Figure, Fiesta Dance, Willow Dance; Julie Hall - Swing Dance; Sara Lee Henderson - Preliminary Free Skate, Swing Dance; Joanna Obee - Preliminary Figure, Preliminary Free Skate, Canasta Tango, Swing Dance; Tammy Jo Pritchard - Ten Fox Dance; Jennifer Tomlinson - Dutch Waltz; Tanya Willis - Swing Dance, Ten Fox Dance, Fiesta Tango; Christina Irwin and Joanne Kerr also entered.

A total of fifty-two tests were tried by Bancroft, Bob-

(more on page 2)

The skaters who participated in the test at Bancroft are: front, left to right, Tammy Pritchard, Tanya Willis, Diane Garbutt, Janna Obee, Sara Henderson, Abby Burk, and Lisa Carr. Back row: left to right, pro Jane Symons, Lisa Box, Jennifer Tomlinson, Misti Campbell, Christa Irwin, Warna Blakey, Jenni Gentle, Julie Hall and Andrea Burk, pro.

Dr. Agnes Jamieson dies

Dr. Agnes Jamieson, a prominent supporter of the arts and a former medical practitioner in Minden died January 15 in Hollywood, Florida. She was 75 years of age.

Dr. Jamieson was an active member of the community whose impact was felt in a number of ways. However, she will be best remembered in Minden and Haliburton County for her many years of medical service and her interest in the arts.

A native of the Barrie area, Dr. Jamieson graduated from the University of Toronto Medical School in 1935. After completing her internship she opened her own practice in the community of Mimico in 1937.

She came to Minden in 1939 to take over the practice of Dr. W.R. Crowe who was leaving for overseas war duty. During the war, she and her assistant served patients in Haliburton, Minden and many of the surrounding communities, often working long hours to meet the needs of the ill.

In 1942 she was named the first woman coroner in the Province of Ontario.

In 1956 she left her Minden practice working in Smiths Falls and Orillia. She left the medical practice in 1972 and returned to Minden to enjoy her retirement.

Outside of medicine, one of the main interests in Dr. Jamieson's life was art. An accomplished painter, she also took a prominent role in encouraging the interest of others in the arts.

Dr. Jamieson was one of a number of individuals in the community who worked untiringly for the establishment of an art gallery in Minden. Two years ago, her dream became a reality when the library-cultural centre opened on Bobcaygeon Road. Her fellow workers, to honour her diligence and enthusiasm, named the art gallery at the cultural centre in her honour.

Her absence in the community will be keenly felt for her life has touched many in Minden and Haliburton County.

Dr. Agnes Jamieson

Dr. Agnes Larkin Jamieson is survived by her brother Gordon of Cheshire, Connecticut, sisters Jean, (Mrs. Frank Kell), and Edith (Mrs. H. Kline) both of Barrie and two very close friends Sylvia Howard and Olga Myles of Minden. Funeral service to be held today (January 19) at the Minden United Church, 2 p.m.

Skaters

(from page 1)

caygeon and Minden. Minden entered 34 tests and passed 25.

Our excellent results were a direct result of our superb pros - Jane Symons and Andrea Burk. Thanks ladies for working so hard and caring so much!

Plan to attend our skating carnival, Country & Western, on Saturday, January 30 at 2 p.m. You will be entertained by all of our skaters, and the pros, and by Don Jackson, former Canadian champion.

Katimavik

A Canada-wide youth program would like to establish a volunteer work program in this community.

Katimavik is designed not to have any adverse impact on local employment opportunities. Sponsors (any non-profit organization) are needed to co-ordinate and originate work projects.

for more information.
As well - a meeting will be held

Thursday, January 27
at the municipal offices - 7:30 p.m.

The deadline for the program is rapidly approaching. If your group is interested, please contact us by Friday, January 21.

Council still questions water levels

Despite a letter from the water control engineer of the Trent Severn Waterway, several members of Anson, Hindon and Minden municipal council are still questioning the reasons for the high water experienced on the Gull River during the past month or more. A letter from the engineer, B.W. Kitchen, was read at the January 13 meeting of the council. (A copy of that letter appears in the 'letters' column of this week's edition of The Times.)

The letter points out that storing water in the upper lakes, to reduce the flow through Minden, could have resulted in serious consequences, if the weather had been uncooperative. Kitchen said it was the Waterway's mandate to prevent a worse occurrence at a later date.

Councillor Pat Burk suggested that the water could have been stored in the upper lakes. She noted the level of some lakes above Minden were below their average.

Councillor Larry Cummins said he felt there was some validity in the reply from the engineer. He suggested that storing water could result in problems if we experienced a "bad spring".

Councillor Gary Kenney noted that the letter from the engineer indicates the Waterway predicts the flow of water each spring, but appears to be unwilling to predict the fall flow. "He appears to want to have his cake and eat it too," Kenney commented. "If he can make predictions into the spring, why can't he guess about the fall as well?"

Deputy Reeve Ed Pergolas said he felt the council was following the correct course in appointing a committee to oversee the situation. He said the effort should help keep those who control the water flow, "on their toes."

Reeve Lyle McKnight questioned why, if the authority had been able to maintain the water level at a certain (high) point for the past two months, they could not have set it at another level, two feet lower.

The council plans to have its committee continue to monitor the water level situation.

Vaccination options

(from page 1)

sign points out that parents can, if their child is only lacking in the mumps vaccine, take the child to the family physician for the single shot. The letter was prepared by the Haliburton, Kawartha, Pine Ridge District Health Unit which administers the vaccination program.

Dr. Bob Heyes, spokesman for the seven doctors who signed the letter of protest, described the letter and information about the optional method as "an improvement." However, he pointed out that parents will still be required to pay for the vaccination if it is administered at a doctor's office whereas the triple dose vaccine given in the schools is administered free of charge.

Dr. Heyes also noted that the letter being sent home to parents indicates there could be a 'booster' effect for those youngsters who receive a second rubella or measles vaccination. He pointed out that he has requested medical information to back this premise, but did not receive any or could not find any in his own search. Dr. Heyes said that in his letter to the Ministry of Health he included a number of references which questioned the idea of revaccination for rubella or measles.

The Haliburton doctor said for the option to be offered fairly, the ministry of Health should make the mumps only vaccination available free of charge in the schools. He indicated the option of just signing the certificate and letting the child receive the three vaccines in schools is much simpler than having to make an appointment with a doctor, take the child out of school to the doctor's office and the other inconveniences. In addition, the fee, which he estimated would be around $8 at his office, could be a deterrent as well.

"I am pleased the parents now will be informed there is an option," Dr. Heyes commented.

Bridge expropriation hearing adjourned

A hearing concerning the expropriation of a third generation cottager's land for a new bridge on County Road 18 at Ingoldsby was adjourned Monday morning at the county building in Minden. Hearing officer James Webster ruled the county had given insufficient notice of the hearing to Joseph Curtin and his wife Mary McRae of Toronto. The notice had been sent to their lawyer P.J. Brennan but not to Curtin and McRae.

Brennan also had complaints about the lack of information the county had supplied for his case. He produced a letter sent to county engineer Bill Obee dated June 17 1982 in which he had asked for the county's official plan, construction plans, used and unused reports and a five year capital forecast.

Obee replied to the letter on October 20 1982 in which he stated there was not an official plan and that the county did not have a five year capital forecast.

Brennan pointed out that the plan known as Development Strategy -- Provisional County of Haliburton served as the county plan in lieu of an official plan. Brennan also said that while the county did not have the capital forecast, plans for replacement of the bridge were years old.

Brennan concluded that these two points and several more he started listing before Webster intervened had prejudiced the case for his clients. Webster agreed to adjourn the hearing on the strength of the improper service of notice. Webster's suggestion of viewing the property in question rather than lose the rest of the day was met with unequivocal refusal by the county's legal representative Wallace Scott. Scott said the adjournment decision should be taken in its strictest sense and that he would not be present during the viewing of the property.

Curtin explained his concern about the structure of the new bridge after the hearing. According to Curtin, the plans call for a wet base abutment jutting into the channel about 18 feet, effectively blocking the deeper and safer east side. The west side is rocky and unsuitable for passage of boats.

Obee said there appeared to be some confusion in the use of certain engineering terms but said the plans called for an 84 foot span with concrete abutments, not blocking any of the channel to his knowledge.

The one lane bridge at Ingoldsby which the county wants to replace.

Another of Curtin's points is the height of the bridge. Plans call for the proposed bridge to be 21 inches lower than the present one lane bridge reducing clearance to 4.9 feet by Curtin's calculations and 5 feet by Obee's. Those figures reflect a high water situation. Obee said that under "normal" conditions, clearance under the new structure would be seven feet.

Curtin said the nature of water craft today necessitating high clearances and the potential future for the craft dictate a higher clearance.

Curtin also revealed that Jean-Luc Pepin, federal minister of transportation, the ministry in charge of navigable waterways, has been contacted and that the bridge has to be approved under the Navigable Waters Protection Act. Curtin is of the opinion the information Pepin's office has received is not applicable to the situation.

Curtin also said that while the need for the bridge is real, the county should put up the extra funds to "do it right" and rebuild the road and bridge to eliminate the 45 degree angles leading to and from the bridge. He said this would mean the county would have to purchase five properties, two of which are for sale and two vacant, according to Curtin.

Obee said Curtin's idea would result in the county purchasing five properties instead of one and that the county does not have the funds Curtin suggests.

The hearing was adjourned until a tentative date in February.

Unemployment figures hard to obtain

Anson, Hindon and Minden municipal council would like to know how many individuals are unemployed in their township and in Haliburton County. However, according to a report given to the council January 13, the figures are not available or will not be made available to the council from the federal authorities who compile them.

He pointed out to the council that the information would be useful when the council makes application for various federal and provincial grant programs. "They can tell you quickly enough how many people are unemployed in Sudbury or in Windsor. Why can't they provide the same information for this area?" he asked.

Kenney suggested it would be an easy matter for the federal department of Employment and Immigration to obtain that information from its computer. He said the numbers could be used as tools in approaching the senior levels of government when requesting special assistance.

At the moment Councillor Kenney is drafting a NEED program application for the municipality.

At the county level, the councillor suggested the information would be helpful in convincing authorities that this area should be considered for special Department of Regional Economic Expansion (DREE) funds.

Other members of council concurred with the position and a resolution was drafted seeking the support of Haliburton County Council in obtaining the unemployment statistics for this area. The resolution should be on the agenda of the county council which meets today.

Kenney suggests public should help set pay

Should ratepayers have a say in how much municipal councillors are paid? According to a discussion paper distributed by Councillor Gary Kenney January 13, they should.

In his memo, Kenney notes that the Ontario Municipal Act delegates the authority to the council for setting municipal wages, including that of council. "I am very concerned with the lack of concern given by the Act to participation by municipal ratepayers. I believe very strongly that without such considerations, council may in fact be carrying out the letter of the Act but not the spirit of it," Kenney's memo said.

He then suggests that the council form a committee which would be chaired by a member of council and include two ratepayers. This committee would then be responsible for suggesting rates of pay expenses, honoraria and benefits for elected officials. He also suggested that the by-law setting these rates should be reviewed at the beginning of each term.

"The result would leave council with a veto power but would also mean that any amendments, etc. would originate from a source that included ratepayer involvement," the memo concluded.

Kenney has suggested that the matter be discussed at the January 27 meeting of the council.

Take a walk, eh?

The right move

Anson, Hindon and Minden councillors had reason to be happy Thursday evening. The council had just endorsed a resolution asking the Ministry of Housing to allow the municipality to proceed with an official plan for the townships.

The resolution represents the first step in a long process of planning and deliberation before the document is final. It could also mark a turning point in the on-going battle with provincial authorities over the status of property adjacent to the Gull River in Minden. The municipality has locked horns with the Ministry of Natural Resources and the Ministry of Housing ever since it began the process of the township's zoning by-law. It had become evident the provincial authorities were not about to abandon their aim to have the hazard land zoning, with all its negative impact, included in any rewriting of the zoning by-law.

In a trade-off, the municipality has agreed to an engineering study which would identify those areas in the hazard zone while the province has agreed in principle to a special status, once the official plan is in place.

These immediate points of contention appear to be resolved, but more importantly, we feel, an official plan will help to usher in a new era for the municipality. The township, in drawing up its official plan, will be laying the ground work for many years to come - an important point if the municipality is to develop and grow in an orderly manner. The official plan will let those outside the townships know that we know where we are going, and how we want to get there. It will also provide financial advantages through grants and programs sponsored by the provincial government which are only available to those municipalities which have an official plan in place.

Planning for the future of the municipality will not be an easy task, but we feel it is well worth the effort. The council is to be congratulated for undertaking the challenge. The impact of their decision last Thursday night will be felt for many years to come.

Editor:

In connection with the proposed higher sewer rate, mentioned in the December 15th issue of The Times:

It seems to me that the Ministry of Environment and council should get to the root of the problem rathern than take the easy route of increasing the rate to the home owners. Imagine an increase of 86% or some $186.00 a year for sewage charges.

Last summer during the high water in the Gull River, I noticed each time I passed by the pumping station near Minden House (North Water Street) that there was a considerable increase in the sound of water dropping into the pumping station. One day I spoke to the maintenance men servicing the controls about the excessive amount of water flowing into the station, and was told they had found the back water flap valve on the overflow pipe had stayed open due to dirt and stones lodging in same, allowing the river water to flow into the overflow pipe and into the pumping station.

The overflow pipe, in my estimation, should have extended much further from the edge of the road and maybe as far out as the wire baskets to prevent dirt and stones, etc. from lodging in the flap valve.

Possibly we have the same problem at the pumping station south of the bridge and should be looked at.

No doubt with the high water this past month, many more thousands of gallons of water has gone into the system.

I would suggest, before the M.O.E. and council starts penalizing us homeowners, that they get to the root of the problem and correct a bad installation for an overflow and charge whoever was responsible for the design or layout of same.

Another thing that gripes me, is the big increase in the turn off and turn on water charges. Prior to 1982 the charge for turn on of water was $5.00. No charge was made for turn off of water.

Without any notice the turn off of water is now $15 and turn on is $15. This amounts to a total increase of 600% for this service. I realize costs have gone up, but an increase of this proportion seems to be out of all reason, for a service that takes no longer than 10 or 15 minutes to perform.

Henry Webert,
Minden, Ont.

letters

Editor:

Recent high levels and high rates of flow of water in the Gull River this fall have alarmed citizens of the village of Minden and alerted them to the potential flooding hazard the village has always faced at least twice a year (spring and fall).

Items in the paper have placed the blame on the Trent-Severn Waterway engineers in Peterborough. The A H & M Council has even suggested setting up a committee to do something(!).

I would like to point out that a committee to investigate the entire problem of the storage system operated for the Trent Canal already is in existance: it is called the Haliburton County Water Resources Committee. It's secretary is Mrs. Lahay, clerk-treasurer of County Council and its chairman is Mr. Murray Fearrey, Reeve of Dysart et al. Committee members include: the County Warden; your local MP and MPP and representatives from the Haliburton Chamber of Commerce, the Federation of Ontario Cottagers Associations, local Cottager Associations, the Ministry of Natural Resources and the Trent-Severn Waterway.

An excellent explanation of the operation of the Trent Canal System and its problems was published in both Haliburton papers on September 9, 1981 by Bob Stinson in his column "From the Chamber". Further information about the Committee may be obtained by writing to Mrs. Lahay. I suggest to the A H & M Council that they send a representative to this committee, as in my many years of wrestling with this problem I have never seen a representative from Minden.

Regarding the recent high levels in the river, consider the following explanation: The TSW (by law) uses the lakes north of the Trent Canal in which to store water for the purpose of replenishing losses in the canal during the summer months. When the

Colin Newell: a hot dog in the Huskies nets

by J.A. Friel

It hasn't been a banner year for the Haliburton Huskies. But, despite the long string of losses the team has to its credit this season, at least one player who has benefitted from the experience and action.

Netminder Colin Newell, one of two regular goalies on the team, is optimistic about the effect this season will have on his hockey career.

Colin hasn't always played in nets. He started playing hockey ten years ago at age six. Four years into his young hockey career, he moved in between the pipes and has been there ever since.

He was invited to try out for the Huskies at age 14, two years ago. The team officials were suitably impressed and they sought his outright release from the Minden Minor Hockey system. The Minden organization was reluctant to grant the release but agreed to a waiver that allows him to play with the Haliburton based team. The hockey player still signs a Minden card, but the procedure has merely become a formality.

Colin is well known in the league for his exciting 'hot dog' style in nets. His antics are reminiscent of Mike Palmateer who made his name with the Toronto Maple Leafs. It is the kind of style that can quickly lead to disaster if a single mistake is made. However, Colin is well aware of the problems that can arise from his wanderings. He accepts that as a calculated risk.

The risk is reduced a great deal by two big factors, his agility and speed.

While his style is similar to that of Palmateer, Colin confides that he models his play after netminder Don Edwards of the Calgary Flames. "I try to cut down the angles a lot," he said. "Mostly I just do it, the way I do it."

Hope for Junior 'A'

"I'd like to try getting in to Junior 'A' in a few years," he said. He tried out for the Orillia Travelways, a farm team of the Oshawa Generals. There were 24 goalies at the camp and about 120 other players. The Travelways hopefuls were divided into six teams each with four goalies. Each team played three squad games and goalies split the time at 40 minutes each.

In his 40 minutes Colin didn't allow a goal, which prompted Orillia officials to invite Colin back if he maintained his proficiency. They also advised him to work out to build up some strength.

"I think they gave him a bum steer over there," said Haliburton captain Butch Manary.

"He's not supposed to stop a train, he's supposed to stop a puck." Colin says he "wouldn't mind being a professional hockey player, Senior "A" or Intermediate. I want to keep on with hockey, though." While coach Grant Rae is more cautious about calling Colin professional quality, saying he has a promising future and has both the attitude and the aptitude, Manary says Colin is definitely "capable of going professional."

Narrows the margin

Both Rae and Manary credit Colin with being a main force in enabling the Huskies to do even as well as they have. "All year he's made it a lot closer than it would have been," said Manary.

"We've been beat pretty bad sometimes and if not for Colin, it could have been worse," said Rae. "The other teams have faster players," said Colin, referring to the Huskies' poor showing this year. "I think other teams practice two or three times a week. We only practice once a week" because of the demands on ice time in both Minden and Dysart arenas.

Another factor hurting the Huskies this year is the shortage of players. Often half the team and more is made up of Minden juveniles and Haliburton midgets.

"I think we have to score more goals than we're getting. We're more offence minded than defense minded than teams we play," he said, basically saying in those contradictory sentences that the Huskies have had a lot of troubles this year. He did note that around Christmas the forwards did more backchecking which helped. He also praised his defense.

In the summer Colin usually plays baseball. "I like playing baseball a lot." Another good thing about baseball is that the season doesn't overlap with hockey. Colin goes from baseball right into hockey.

Colin has also thought of another profession in case his hockey plans don't pan out. He would like to be in lands and forests, ideally as a forest ranger or something in that line.

Meanwhile, Colin is going to try to be yet another professional hockey player Haliburton County has sent to the big leagues. Until that time, his goaltending abilities are very welcome in Haliburton. "We've been lucky to have him," said Manary.

from the chamber

by Bob Stinson

"It was worth the price of the seminar just to meet the man", and "I'm going back to square one and revising my entire marketing strategy ... I've been doing it all wrong". "I can't wait to try some of the ideas he gave me". These are just a few of the comments made by those attending the marketing seminar last week at Maple Sands featuring John Hope Johnstone.

This was John's third appearance in our community. He spoke to the Resorts Ontario Conventions last fall at Wig-a-Mog and we were so impresed that we asked him to address the students for the opening presentation of Career Week at the high school in November. Many of the students are still talking about that one.

This latest seminar was set up for a maximum of 15 people to work in an informal setting on improving their individual methods of marketing their business. The first order of business was to point out that "marketing" is not just buying advertising. Marketing also includes anything else that creates a favourable image to the public of your business such as the appearance and performance of you, your staff and your facilities.

Your "marketplace" is the people who do business with you. To those who feel they have already established their marketplace, and therefore don't need to concern themselves with this problem, John states that most businesses will have to replace their marketplace 3 times in the next decade. That will require agressive marketing in these competitive times.

Call for provincial recommendations

Our Chamber is an active member of the Ontario Chamber of Commerce and one of our Directors, Dennis Casey, serves on its board representing an area from here south beyond Peterborough. In May when we attend the 71st annual meeting in Sudbury, we will spend the better part of a day considering the provincial recommendations for the current year. Submissions are prepared by community Chambers, such as ours, and presented at this policy session. If those in attendance concur with the submission it becomes part of the Ontario Chamber's policy and they will use their lobbying power to try and make it happen.

May is a long way off but the preparation for this important session begins now. Our Chamber is now considering items of concern that should be submitted and will deal with them at our next board meeting on February 1. Any submission approved by our board must be received by the Ontario Chamber by March 8. After their review board has gone over them, they are placed in a book and circulated throughout the membership in order to give everyone time to research and consider his stand on the submissions of others.

This procedure ensures that what the Ontario Chamber is fighting for is in fact what we the membership want them to fight for. It is an excellent example of democracy in action and only breaks down when some of us appear to be too busy, disinterested, or unconcerned to be part of the process.

If you have some thoughts on submissions contact the Chamber office and we will be pleased to discuss it with you. The only criteria is that it must be provincial in nature, and something over which provincial government has, or could have some control. Be part of the process.

Harvest festival expanding

The Harvest Festival Committee met on the weekend to lay the ground work for a bigger and better fall celebration in the coming year. The committee has decided to run the festivities over four weeks allowing the four communities who participated last year to each run their event on a Saturday night. It is also hoped that other functions such as bus tours, afternoon teas, auctions or flea markets could be developed around each event in each community.

With this much lead time and the enthusiasm of the committee we know we can look forward to a busy fall this year. Let us know if you have an organization that would like to become involved.

Loss of a pioneer

The community was saddened this weekend to learn of the passing of Dr. Agnes Jamieson, but heartened by the fact that this great lady's suffering will not be prolonged.

Dr. Jamieson could certainly be truly called a pioneer. She pioneered as a doctor, when women were not readily accepted in that profession, and then, making the challenge complete, brought her practice to Minden, certainly a frontier town at the time. It has been said if all the individuals who owe their life and wellbeing to Doctor Jamieson were to insist on paying their last respects the town could not hold the crowd.

It is most fitting that the name of Dr. Agnes Jamieson will live on for generations to come with the attractive culture centre that bears her name.

May she now rest in peace.

book nook

The following list of books is now available to you for your reading pleasure at the Minden Public Library.

Juvenile Fiction

Title: First Spring on Grand Banks. Author: Bill Freeman.

John and Meg Bains and sailor friend Canso have exciting adventures on a 'Stolen Schooner' from Tower Rock. This story is based on survival in the 1870's and how this small group of people succeed. There are some black and white photographs and dictionary of fishing terms. A good Canadian story for youngsters 9 - 13.

Juvenile Non-Fiction

Title: Magic Boat. Authors: Jagendore & Weng.

A voyage into the vast and wondrous seas of Chinese Folklore. This is a group of folk tales of the People's Republic of China and gives some of the cultural history of these people. Fine illustrations in Chinese tradition by Wan-go make this a fine read-aloud book.

Adult Fiction

Title: The Tribe. Author: Bari Wood.

In this darkly brilliant tale of horror, Bari Wood, the bestselling author of the Killing Gift, and Twins, writes of an extraordinary group of men and the secret - older than time and deeper than friendship that bound them together.

Belzec, 1945, in a powdery-gray dust-coated barracks, a group of Jewish captives are found by their liberators - miraculously alive and well-fed.

Brooklyn, 1980 in a powdery-gray dust coated clubhouse, the five teenagers who murdered Professor Adam Levy, a rabbi's son, are found hideously slain.

Thirty-five years apart, a continent away, what is the mystery that lies hidden beneath the layers of gray dust?

In a Brooklyn neighbourhood of Holocaust survivors, this is the question that Adam's beautiful widow, Rachel, must answer as she becomes increasingly suspicious of the strange and powerful bond between her father-in-law, Rabbi Jacol Levy, and his loyal circle of friends, the men who followed him from the old world to the new. It is the question that will hold you shiveringly spellbound as the inescapable truth emerges from the nightmare of the past.

The Tribe. No one will ever forget the tension and terror of this storytelling triumph that gives modern meaning to the eternal battle between the forces of darkness between the unholy violence of vengeance and the healing power of love.

Adult Non-Fiction

Title: With Their Ears Pricked Forward. Tales of Mules I've Known. Author: Joshua A. Lee.

Joshua Lee spent his boyhood on a Georgian plantation during a time when mules were used to work in the cotton fields. He tells us stories of blue-nosed mules, mated mules, and outlaw mules, all with personalities as ornery and peculiar as their owners.

APPLICATIONS WANTED

Townships of Anson, Hindon & Minden

Written applications are being received by the undersigned for the Planning Committee which is being formed.

Those interested are requested to reply by January 27 at 4:30 p.m.

canal ceases operation in the fall, the remaining stored water is drained off to make room for the heavy inflow from melting snow in the spring. This whole process is repeated year after year.

When the system is being drained in the fall, think of it as two long parallel sloping lines each with a large number of small lakes dotted at intervals along the lines with one ending at Balsam Lake and the other ending at Cameron Lake on the Trent Canal. To drain this system the dams are opened and the water allowed to run out. Naturally, the top level lakes will be empty first and the water from these will pass downhill through the system until the last storage lake is empty. Later the whole canal is drained down.

TSW exercises close control over the movement of water so that no one gets flooded out during the process. This annual operation has been going on now for more than 80 years. The operation is smooth and goes unnoticed by most residents unless a problem arises.

Last fall, a problem did arise in the form of unexpected excess rainfall (8 inches in November and 4 inches in December). The result was the draw-down was slowed, or piled up, and the back-up occurred as far north as Twelve Mile Lake on the Gull River system. TSW could do little more than wait for the rains to cease (or happily turn to snow) and in a little more time than usual the excess water would run out.

With this picture in mind then, it should be clear to Mr. Graham and to Mr. Wrightman why the uppermost lakes on the system were empty. If either of them know of a way to make water flow back up hill, the TSW would be glad to hear of it.

In December, both TSW and our Committee were praying that the water would not freeze, which could result in considerable shore damage to installations on those storage lakes still excessively high.

However, I should point out that if it had become cold enough to freeze the lakes, the December rain would have fallen as snow and the problem likely have vanished as quickly as it appeared.

The strange weather is to blame for the problem, not the TSW as they have done everything of which they are capable.

I don't know yet of any solution to this particular problem, but I will say that if there is one, we had all better be prepared to pay for it in one way or another.

B.W. Robinson,
Boshkung Lake

Editor's note: The following letter was sent to Anson, Hindon and Minden municipal council in reply to an inquiry to the Trent-Severn Waterway about the high water levels on the Gull River. The reply was dated January 7 and read at the January 13 meeting of the council.

Dear Mrs. Burke:

As the Council knows and Phil Graham admits in the letter to the Minden Times, rainfall in November and December 1982 has been excessive. So much so that not only at Minden on the Gull River, but also on the Otonabee at Peterborough and along the Severn River as well as most other rivers in the province, December flows have approached or exceeded all previous December records. The Gull River flow which determines the level through Minden has not, however, during this time exceeded the higher spring peaks of many years. These recent conditions have been like a moderate spring runoff.

What seems to have been ignored in the proposals sent to Minden Times is the very real risk of even worse flooding later in the winter or in spring if more water were held on lakes above Twelve Mile-Boshkung. With no accurate water supply forecasts available (with the possible exception of Phil Graham's), no one knows when the mild wet conditions will end nor how much rain to expect in April and May. The few weeks suggested in the letter as the length of time to gather extra water up there would now have stretched to about nine weeks of rain since November 1. Those lakes would now be approaching 90% and still rising. It has been our desire to prevent a worse occurrence later that has resulted in our letting the water run from the upper lakes (though they have risen and held back some of the water without any stoplogs being re-installed).

As we go toward spring, if the snow does not accumulate to any normal amount we may begin early to store water in the upper Gull Lakes along with Burnt River and other reservoir lakes. Threatened large flows and severe flooding of Minden would also be considered in a decision to catch water if the associated risks appeared justified. At this writing we have not taken such a course of action.

Hazard land policy for Minden is unknown to us at this time. We know that flood-line mapping of the area was discussed, but haven't heard that it was done, or if so what the results have been. This prevents our knowing just how much inconvenience or damage is resulting at any particular flow in the river. Such information could conceivably be used during high water events to guide Trent-Severn decisions about water control.

I trust this will clarify to the Council our position on this matter.

B.W. Kitchen
Water Control Engineer
for Superintendent
Trent-Severn Waterway

Deer Fella Snowbeeler:

Mygol, she'll soon be time agin fer to start pressing yer thums and rip-snortin' along the trale fer a hundred killyermeter. She's comin' up Timmy's Snowyrammer '83!

I figger you'll be wantin to saddle up and ride along with me, but if you can't, it's jist as importin' fer to have sumbuddy back home fer to take the pledge wile we're out on the sledge.

Yessiree bob, Timmy's Snowy Rammer has gotta be biggern bettern than ever this yeer on accounta money is gittin' titern the bark on a sickamour, and we have to inable our disable to becum able and have the same chants the rest of us gits. Remember what the Good Book sez, you are yer Keeper's brother, so, brother let's all git out on the trail, or sponser sumbuddy who duz, so we can help them Eesterseelers help those deer kids that jist cant help therselfs.

This yeer's Timmy, Redgee Toppin, sed it fer all of us. "I'm in this fer to help those less forchunate than me." If he kin say that, and do sumthin' about it, what's holdin' the rest of us back? So, to yer mounts, and ride, ride, ride fer Timmy!!!

GET YOUR NEW LICENCE PLATE STICKER EARLY

NOW is the time to pick up your licence renewal sticker. Because of the new system, late-comers may find themselves in longer than usual lineups.

WHAT you need is an application form available at any licence issuing office, proof of insurance, ownership permit and the required fee. Fees are $4 a month based on your birth month. See table below.

WHERE? You can renew at any licence issuing office in your area. Check the sticker you receive to ensure it correctly reflects your birth month.

YOU are responsible for having a new validation sticker by February 28. The sticker goes on the upper right-hand corner of the rear plate on passenger cars; the upper right-hand corner on the front plate of commercial vehicles. If you sell your vehicle, remove the plates and attach them to your new vehicle.

Ministry of Transportation and Communications
Ontario
Hon. James Snow, Minister Harold Gilbert, Deputy Minister

Here are the passenger car fees for 1983

If your Birthday is in.	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May
Your fee is.	$24	28	32	36	40	44	48	52	56	60	64	68
This will cover you for.	6 MTHS	7 MTHS	8 MTHS	9 MTHS	10 MTHS	11 MTHS	12 MTHS	13 MTHS	14 MTHS	15 MTHS	16 MTHS	17 MTHS
Your licence plate is valid until.	Jun 83	Jul 83	Aug 83	Sep 83	Oct 83	Nov 83	Dec 83	Jan 84	Feb 84	Mar 84	Apr 84	May 84

ANNUAL FEE $48.00

Council endorses youth program

A proposal to have a group of young people live and work in Minden for a nine month period has received the endorsement of the Anson, Hindon and Minden township council. The municipality must now decide what work projects it can offer to keep the 17 - 21 year olds occupied during their stay here.

The proposal, heard at the January 13 meeting of the council, is identical to one made earlier in the week to the Dysart et al council.

Working under the name Katimavik, this federally sponsored program attracts volunteer youth from across the country. It gives participants an opportunity to see another part of Canada while working on a project of benefit to the community. Barry Bloom, a spokesman for the organization, noted that the projects undertaken by the group would not result in loss of work for others in the community.

Under the program a group of 11 young people with a group leader, would take up temporary residence in Minden. During that time they would carry out the work assigned by the sponsoring agency.

During their stay the youths would live in a rented house, preparing their own food, maintaining the building and looking after their own needs. The Katimavik program covers the cost of food for the youths, the rent and other expenses associated with the program. The youths receive a token amount of $1 per day.

Bloom pointed out that during the nine month program, three teams of workers would spend nine weeks each in an area. This enables the participants to obtain experiences in various parts of the country.

The program also includes a two week period in each rotation when the participants would be billeted in the community. Bloom noted that while living with the families in the area, the youths would be able to obtain a greater appreciation for the community as well as expanding their contacts.

In the past Katimavik groups have worked on such projects as clearing ski trails, shoreline improvements, building resotration and projects provided by church or service clubs. The sponsoring organizations must be non-profit. As well, he requested assistance of the municipality, if it was interested in having a group here, to help find suitable accommodations for the group. The sponsoring organization must cover the cost of any material required for the project and provide a qualified supervisor to ensure the work is being carried out properly. Liability insurance would be the responsibility of the sponsor.

Members of council appeared very receptive to the idea and a committee was established to prepare an application. Bloom plans to return in several weeks to meet with the committee. If it is accepted, a Katimavik group could be in Minden by June of this year.

While the municipality is interested in sponsoring a portion of the Katimavik program in the municipality, other sponsoring bodies will be needed. Service clubs, churches and other non-profit organizations which may have a project which could be included in the Katimavik program are urged to contact Councillors Pat Burk or Gary Kenney by Friday of this week. If there is enough interest, a special meeting will be held next Thursday to explain the program and provide more information. Representatives of organisations can call Burk (286-1769 or 457-2074) or Kenney (286-2817) for more information.

Council briefs

The following are a number of items discussed at the January 13 meeting of Anson, Hindon and Minden township council:

The council approved the appointment of three new members to the Art Gallery Committee. Yvonne Guida, Barb Elder and Elizabeth Carrell are the new members. Two other individuals retired from the committee, Donna Monk and Harold Morgan.

Request denied

A request from Murray Rochford to have the municipality provide winter maintenance on an unassumed road allowance was denied. Mr. Rochford had appeared at the last meeting of council to request the service. The matter was considered by the roads committee.

Councillor Gary Kenney, reporting on behalf of the committee, noted that the building permits issued from the property abutting the municipally owned but unmaintained road indicated that that service would not be provided.

Overdue rate

The council has adopted a policy covering penalty on overdue water and sewer accounts. A by-law set the penalty charge at 1 1/4% per month on all overdue payments. Accounts that are outstanding at the end of the year are transferred to the tax account and the penalty rate applicable to late tax payments then applies.

Dump shelter

Councillor Gary Kenney has suggested that a shed roof be built by volunteers at the municipal land fill site to provide a covering for a dump runners' corner. He suggested in a memo to other members that the shelter could provide a location where individuals with items they feel could be of value to others, could leave them. He suggested that a sign could also be erected at the location indicating the liability and other provisions covering the use of the shelter.

Figures show employment drop

- by Bill Scott, M.P. -

On January 10, I received the latest labour force information available from Statistics Canada. The information is for the week ending December 11, 1982.

Included with it was an overview of labour market development in Canada and the provinces between 1981 and 1982. Nationally, employment averaged 10,574,000 during 1982, down from 10,933,000 in 1981, a 3.3% drop. On a seasonally adjusted basis, employment declined continuously throughout 1982 until December. At the end of 1982, the employment level was down an estimated 573,000 or 5.2% from the peak reached in August 1981. Employment among young men, 15 - 24, declined by 184,000 (12.8%). For young women in the same age group the decline was 89,000 (7.1%). The incidence of part-time employment in 1982, on an average basis was 1,522,000, up 3% (45,000) from 1981.

In Ontario we did slightly better in 1982. Employment only dropped by 2.6% in 1982 (from 4,186,000 in 1981 to 4,078,000 in 1982). Unemployment however, rose by 146,000 from 295,000 to 441,000 (49.6%). On an average annual basis it stood at 9.8% compared to 6.6% in 1981. The youth average (15 to 24 years of age) employment rate dropped by 8.1%, creating an unemployment rate for this group of 17.1% compared to 12.3% in 1981.

I am including at the end of this report a table comparing the statistics nationally to those in Ontario and in our own region.

LABOUR FORCE SURVEY (For week of December 11th, 1982)

	CANADA	ONTARIO	Economic Region 52
Population over 15	18,685,000	6,752,000	292,000
Labour Force	11,743,000	4,475,000	173,000
Employment	10,248,000	3,951,000	150,000
Unemployed	1,494,000	523,000	23,000
Participation Rate*	62.9%	66.3%	59.2%
Unemployment Insurance Rate	12.7%	11.7%	13.4%
Employment/Population Ratio	54.9%	58.5%	51.2%

Economic Region 52 covers roughly constituencies of:

Durham-Northumberland; Peterborough; Northumberland; Victoria-Haliburton.

* Participation Rate equals Labour Force/Population over 15.

Institutions closed

- by John Eakins, M.P.P. -

At the end of October 1982 the Minister of Community and Social Services announced that six facilities for the mentally retarded would be closed over the next five years. The planned schedule was as follows: 1983/4 the St. Lawrence Regional Centre, Brockville; 1985/6 Pine Ridges Centre in Goderich and S.T.A.R.T. Centre, St. Thomas; 1985/6 Pine Ridges Centre, Aurora, and D'Arcy Place, Cobourg; 1986/7 Durham Regional Centre, Whitby.

None of the six local associations for the mentally retarded in the areas affected were consulted ahead of time, or even warned of the Ministry's plans. Nor was the Ontario Association for the Mentally Retarded contacted in the planning stages. In fact, the Association was not notified until after the information was leaked to the press.

Local associations reacted rapidly to the news. Mere hours after the announcement, the St. Thomas Association passed a motion opposing the Ministry's plan until "proper consultation and clarification" had taken place. It was not only a question of the associations being angered about the lack of consultation. There was a very real fear that there would be an inadequate allocation of resources for the creation of community residences. It was revealed, moreover, that 623 mentally retarded people were already on waiting lists for 12 of the 123 associations in Ontario.

As Liberal Critic Don Boudria pointed out at the time of the announcement, although our party supports the principle of deinstitutionalization, resources must be available to support the people who leave institutions. The Minister announced that nearly 1,000 institutional beds would be emptied, and indicated that some 1,000 community beds would be provided. However, no mention was made of the hundreds of people on waiting lists.

Don Boudria, Sheila Copps and Jack Riddell will be touring the centres on the Minister's list on the 19th and 20th January, in an attempt to gather futher information. Discussions will be held with staff and local community groups.

Novice

The Minden Novice team played an exhibition game against Haliburton on January 15 at the Dysart arena. Aaron Hie stole the game for the Minden team scoring three goals of the four the team collected. Kevin Buchannon scored the other goal in the 4 - 3 game.

Atom

Minden Atoms are having trouble winning games in the larger centers as they lost to Gravenhurst and Huntsville recently.

In the Huntsville game Kent Taylor and Robie Ackerblade scored in a losing effort to Huntsville. The score was 7 - 2.

In Gravenhurst last Friday the Atoms failed to score any goals in the 6 - 0 game in Gravenhurst.

Bantam

Minden Bantams lost two games last week against Fenelon Falls and Gravenhurst.

Gord Wood scored in the game against Fenelon which Fenelon won 7 - 2. Glen Hall assisted. Tom MacLeod scored the other Minden goal.

The Bantams held Gravenhurst to two goals in a good effort January 14 in Gravenhurst. Glen Hall scored the Minden goal from Tom MacLeod in the 2 - 1 loss.

Juvenile

Minden Juveniles beat Oakwood in a 6 - 5 game last Friday in the Minden arena.

The McKelvey brothers, John and Jim, assisted on a goal by Scot Hamilton to start scoring less than two minutes into the game.

Oakwood tied the score and the teams played even until 5:54 when Eldon Bull scored from an awkward angle in the corner to put Minden up 2 - 1. Greg Newell and Harold Cowen assisted.

Scot Hamilton scored again before the period was out from the McKelvey's again making it a 3 - 1 game.

In the second period, Minden put the score beyond reach when Rob MacLeod scored on a power play from Eldon Bull.

Oakwood did their best to even the score coming to within one goal at 3:53 and a power play at 1:17.

Minden opened the third period with the fifth goal of the night at 8:51. John McKelvey scored, assisted by Scot Hamilton.

Three minutes later, Oakwood scored after numerous attempts on a power play. Minden goalie Bret Foster beat off the attack two or three times before the inability to clear the puck took its toll.

Jim McKelvey sewed up the game with the sixth Minden goal at 4:02. Scot Hamilton assisted giving him a four point night and Greg Newell picked up another assist.

Oakwood almost caused an upset scoring their fifth goal at 1:31 on a short handed effort. Although Oakwood forwards buzzed around the Minden net at the end of the game, Foster and his defence kept the win.

The schedule

Haliburton visits Minden on Saturday, January 22 in three divisions. The Atoms play at 3:00, Pee Wees at 4:00 and the Bantams play at 5:30.

The puck hits the back of the net as John McKelvey of the Minden Monarchs waits for the rebound. The Monarchs won the Friday night game against Oakwood 6-5 at the Minden arena.

Stouffer appointed to college board

Stanhope Deputy Reeve Elgin Stouffer has been appointed to a three year term on the Sir Sandford Fleming College board of governors. The appointment was announced in a press release last week.

Stouffer replaces Minden resident Lorne Coburn as this area's representatives on the board.

Stouffer has served as deputy reeve in Stanhope Township for four years and has operated a sawmill in the municipality since 1956.

Also appointed to a three year term on the board was Lindsay lawyer Richard Gorwill. The terms of William Whetung of Lakefield and Herbert Simpson of Lindsay were also extended at the same time.

The newly appointed members of the board will be attending their first meeting January 24.

A merrier Christmas

The Christmas season was a little brighter for a number of families in the Minden area thanks to donations from area service clubs, municipalities, employee groups, churches, businesses and individuals.

Anson, Hindon and Minden By-law Enforcement Officer Dick Schell reported the success of the distribution of food, toys and clothing at the January 13 meeting of council. He told the meeting that some 90 individuals were helped during the Christmas season, thanks to donations from various groups and individuals. Schell co-ordinated the distribution of the donations which included turkeys, food vouchers, toys, scarfs, mitts among other items.

"Without the efforts made by all of the individuals and organizations, it is almost certain that the persons receiving the items would have spent a sad and lonely Christmas," Schell commented. He noted that many of those who gave did not wish to have their names made public.

Schell pointed out that the effort extended beyond the municipality. He suggested the collection could become an annual activity with a service club undertaking to organize the collection of, and with his assistance, distribution of the donations.

Haliburton 457-2300

THEY ARE YOUR ROADS TOO
• On Thursday, January 20 (tomorrow) the Anson, Hindon and Minden Roads Committee is holding an Open House meeting at 8:00 p.m. in the Municipal Office Council Chambers.
• We want to know YOUR priorities for new road work in 1983.
• There is only so much money to spend but you CAN have a say in the budget.
TELL US WHAT YOU THINK TOMORROW

The Haliburton Pee Wee goaltender holds off the Minden Pee Wee attack in the tournament held at Minden arena last weekend. Haliburton went on to win the game 7-1. Derek Allison scored Minden's only goal.

Pee Wees lose, and win in tourney

Minden Pee Wees fared poorly in the annual Rotary tournament held at the Minden arena Saturday, January 15.

The team won their first game against Baysville by virtue of scoring the first goal in the 3 - 3 contest.

Scott Russell scored at 4:15 of the first period from Kent Taylor and Corey Ackley. Baysville replied just over a minute later at 3:12 to tie the game. Minden Pee Wees completed the last minute scoring in the first period by scoring at 1:53. Minden took the lead on the goal by Tom Heppleston. He was assisted by Scott Russell and Kent Taylor.

In the second period, the visitors evened up the mark again near the end of the period at 4:41. Tom Heppleston connected for Minden again, however, putting the home team ahead by 3 - 2 at 0:19. He was unassisted.

Baysville scored the only goal in the third at 2:39.

Minden went on to play Haliburton on the championship side of the tournament but were beaten 7 - 1.

Haliburton notched the first goal at 7:25 of the first period when Erin Nicholls scored from Ron Perrin.

The first period ended with only one goal and the second period only furthered the chances of a close game. Haliburton scored again at 4:53. Ron Perrin scored from Jeff Warburton. Minden came right back seconds later at 4:38 on a goal by Derek Allison assisted by Trini Elias. The second period ended 2 - 1.

The Haliburton scoring burst out in the third period though burying Minden in a flurry of five goals.

Jaro Cooper scored at 7:50 assisted by Jeff Warburton and opening up the deluge. Only 14 seconds later, Jason Smith scored with Jeff Warburton again setting up the goal. Cooper scored again at the 6:00 minute mark making it a 5 - 2 game. Colin Hunter assisted. Erin Nicholls added the sixth goal at 5:13 in an unassisted effort.

At 5:01 Haliburton wrapped up scoring and the 7 - 1 game on a goal by Jeff Francis from Erin Nicholls and Greg Scheffer.

Haliburton went on to win the Rotary Cavalier Pepsi Challenge championship trophy defeating Cookstown in the final game 4 - 0. The final victory came after the Haliburton entry shut-out Aurora 9 - 0. Cookstown received the Dr. Holliday-Rhodes trophy.

In the consolation round, St. James of Peterborough, was named the champions after defeating Brantford 3 - 0. Runners-up in the consolation round, Brantford was presented with the Gordon Heppleston Memorial trophy.

Huskies drop another: 11-3

The Haliburton Huskies put on a lacklustre performance against the Staynor Siskins last Saturday night at the Dysart arena.

The first-period found the Huskies back of the Siskins by only one goal but this score is not an indicator of the game. The Siskins John Ainley opened scoring at 1:42 of the first from Bob Parker, easily beating Huskie goaltender Dave Elstone.

Elstone was as easily beaten on the next two goals by Stayner captain Scott Jackson, the first from Todd Jackson and Tom Dickey at 3:02 and the second a minute later again from Dickey and Jackson at 4:02.

Elstone regained his form and held the Siskins off the board with some good saves for the rest of the period.

In the meantime the Huskies scored a goal after some digging by Brent Moxam and Andrew Shapiera. Shapiera managed to pass the puck to Scott Rae who put it past Siskins goalie Don Currie at 13:36. Two minutes later at 15:36 Roger Hicks took a lead from Mike Rae's two short handed goals a few games back against Bracebridge and fired a nice drive behind Currie while Butch Manary was serving a tripping penalty. Kevin Shapiera and Kevin Warburton assisted.

Second period scoring opened with Steve Smart of the Siskins getting a goal from Todd Jackson and Alex McCarl on a power play. Next the Siskins Darrell Hughson scored at 8:10 assisted by Rob McNabb. After an altercation involving Kevin Shapiera and Todd Jackson, both of whom were not even on the ice at the time and with each winding up with game misconducts, Hughson scored again at 11:06. He was assisted by Paul Garbutt and Martin Rigney.

At 11:49, 30 second after Hughson's last goal, Garbutt scored from Hughson and Rigney, making the score 7 - 2.

The Huskies had few opportunities during the period, but scored on a fluke bouncing shot by Rob Abbs from outside the blue line against the over-confident Currie. The goal at 13:40 of the second period was assisted by Scott Mitchell.

The Huskies had another strange goal called back after a high stick knocked it in.

The Siskins scored four more goals in the third period, three of them in four minutes. Garbutt scored a short handed goal at 4:37 assisted by Hughson and Bill Young, Parker scored at 12:34 from Ron Lethbridge and Charlie Wagner, Young scored at 13:34 assisted by Dickey and Garbutt and McNabb wound up scoring at 16:39 from Rigney and Young.

The Huskies play Gravenhurst in the Dysart arena on Saturday, January 22 at 8:30, half an hour later than the usual start.

Minden Home Hardware's goalie searches for the puck in the first game in Monday's Men's Recreational League action. Home Hardware beat Hall's Insurance 8-3. The Foamblowers and Hartwick Construction battled in the second game. Foamblowers won the game 7-6. League standings appear below.

Recreational hockey

The following are the standings in the Men's Recreational Hockey League as of games played January 10:

TEAM	W	L	T	GF	GA	GAA	PTS
Hartwick Construction	6	4	2	66	77	6.42	14
Home Hardware	5	4	3	86	66	5.50	13
Hall's Insurance	5	6	1	63	66	5.50	11
Rockcliffe Tavern	4	6	2	64	70	5.82	10

(Key: W - win; L - losses; T - ties; GF - goals for; GA - goals against; GAA - goals against average; PTS - points).

Bonspiel

The Minden Curling Club will play host to the Ontario Curling Association Seagrams Mixed play-downs this weekend. The action begins Friday evening at 6 p.m. and continues throughout the weekend.

Rinks from Minden, Haliburton, Bancroft, Fenelon Falls, Lindsay, Bobcaygeon, Woodville, Oakwood, Omemee, Norwood, Ennismore, Lakefield and Peterborough will be taking part.

The event is the first in a series leading to the Ontario championships. Winners from this weekend's action will advance to the regional play-offs scheduled for Kingston, February 5, 6 and 7.

The public is invited to take part in the action at the Minden rink throughout the week.

Don Jackson featured skater

A figure skater who has been praised around the world as having provided the greatest performance in skating history will be the guest performer at the Minden Figure Skating Club's annual carnival.

Don Jackson, Canadian, North American and World champion will make two skating appearances during the winter carnival weekend.

The skating carnival, normally scheduled for March, was moved ahead to coincide with the Kinsmen Winter Carnival. Jackson will appear during the ice show which precedes the crowning of the carnival queen Friday evening, as well in the skating club's annual show which has been scheduled for Sunday afternoon.

Jackson has been hailed around the world for his skating ability. His string of championships, which includes four times Canadian champion, four times North American champion, and world champion, offer ample evidence of his ability. In the world championship competition in 1962 he set records which have yet to be broken.

His greatest achievement, and the one most figure skating enthusiasts associate with his name, came in 1962 during the world championship in Prague, Czechoslovakia. In that competition Jackson announced that he would perform a triple lutz, a skating manoeuvre in which the skater leaps into the air from one foot, completes three revolutions and lands on the other skate.

It was a bold move. In the first place he had successfully completed the manoeuvre five times in practice. As well, such a feat had not been attempted before at an event of the stature of the world championships. And, by announcing his intentions prior to beginning his routine, he had set the entire audience on the edge of its seat.

In addition, the Canadian skater was 45 points behind the leader in the competition, Karol Divin of Czechoslovakia.

The triple lutz was the first jump of Jackson's routine and he executed it perfectly. The audience rose, giving the young Canadian a standing ovation. George Gross of the Toronto Sun recalls the event, "When he finished there was hardly a dry eye in the audience. Each and every one in the rink felt they had witnessed the greatest free-skating performance of all time."

The daring move so impressed the judges at the competition that they awarded him seven perfect marks, a score that has yet to be equalled.

Jackson is still an active skater at age 42 and skating enthusiasts can be assured they will be treated to a superlative performance when he takes to the ice during the winter carnival weekend.

World Champion Don Jackson will appear in Minden Carnival weekend.

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON & MINDEN TO CLOSE, STOP UP AND LEASE A PORTION OF PART OF THE ORIGINAL ALLOWANCE FOR ROAD IN LOT 2 BETWEEN CONCESSIONS II AND III, IN THE TOWNSHIP OF MINDEN, IN THE COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 302, Section 298 of the Municipal Act, that the Township Council of the Municipality of Anson, Hindon & Minden proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Minden, Ontario on Thursday, the 24th day of February, 1983, a By-law to close, stop up and lease the following:

THAT PORTION of the above referred to original allowance for road 33 feet in perpendicular width which abuts the land ownership of the applicant Sid Stamp Fuels Limited and which lands are more particularly shown on a sketch plan made by the Hydro Electric Power Commission of Ontario under date March 16, 1970 and which sketch plan is available for inspection at the Township of Anson, Hindon & Minden office, Minden, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at the meeting to be held at the time and place above mentioned, the Township Council of the Municipality of Anson, Hindon & Minden shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

DATED AT MINDEN, ONTARIO this 14th day of January, 1983.

BIA street furniture project now underway

The works project sponsored by the Minden Business Improvement Area under the Canadian Community Development Program began this past Monday. Three workers have been employed for 14 weeks in the construction of street furniture for the core area of the community.

Councillor Gary Kenney, the municipality's representative on the BIA, outlined the plans for the project at the January 13 meeting of Anson, Hindon and Minden council.

The three employees will manufacture rectangular cement forms which can be used as bases for benches, flower planters or garbage receptacles. The forms will be designed so they can be easily moved, although when stacked or tied with other units, will be too heavy to be moved. The object was to provide street furniture which could be removed in the winter, but which would not provide an easy target for vandals when set in place.

The three workers will design the mold in which the poured concrete forms will be made. As well they will be responsible for constructing the units and the necessary bench seats or tops to the garbage receptacles. The BIA has identified at least nine locations throughout the core area where the bench / planter / garbage units will be placed.

Kenney also noted that once the street furniture needs of the BIA have been met, the council or individual businesses might be interested in purchasing additional units for their own use. He suggested, for example, that benches and planters could be used at the library - cultural centre or the arena. The councillors indicated they would want to see how the units looked before making any commitment to purchasing extra units.

Mini-fairs

Councillor Kenney also gave a report on the municipality's work project which will see the construction of a number of portable booths and stands. He said he had received a great deal of "feedback" from merchants on the idea and he had prepared a brochure which he was using to explain the program to them. He told the council that a number of merchants had offered to assist preparing guidelines for the use of the structures.

He noted that individuals will be hired shortly to construct the buildings.

Deputy Reeve Ed Pergolas questioned from what part of the budget the $14,700 would be taken. He said it was his understanding that the municipality would be seeking additional funding through federal or provincial programs to augment the program. Reeve Lyle McKnight, reading the motion passed by the council endorsing the expenditure, noted there was no reference to outside funding. Other members of council concurred, saying it was their impression at the time the motion was passed that the municipality was to fund the entire $14,700 cost of the project.

"What we are doing is taking on a number of temporary employees," Pergolas commented. "Maybe we should have looked at the motion a little more carefully before passing it." Pergolas said he was concerned about the cost of the materials required by the project.

Reeve McKnight pointed out that during the discussion of the proposal, use of grants might have been mentioned, but the resolution of the council indicated the municipality would be responsible for funding the project. Clerk-treasurer Elinor Burk said the money would have to be drawn from the general budget of the community.

The council was also informed that it had been allocated $15,000 automatically under the federal government's NEED program. An application for additional funding is currently being prepared for submission. According to Councillor Kenney the NEED application will complement the programs now underway. A report on the municipality's application will be made at the next meeting, January 27. The deadline for applications is the end of the month.

by Ron Reid - Federation of Ontario Naturalists

Ontario residents overwhelmingly want their remaining wetlands protected, if the mail received by Natural Resources Minister Alan Pope is any indication. In September of 1981, the Minister released a discussion paper on wetlands policy, asking members of the public to respond. 520 individuals and groups did so, with 519 noting that "wetlands must be protected and preserved".

This opinion is not held only by nature organizations, although 41 conservation groups and many individual naturalists were included in the count. Nine farming organizations and dozens of farmers also responded, giving the push for wetlands protection a strong constituency in rural areas as well.

Several points came out strongly. Most people seem to recognize the value of wetlands as wildlife habitat, but a surprising number also identified their importance in improving water quality and in flood control as major benefits. The major issue raised by most people was the extensive losses of wetlands by farmland drainage, and the need for revisions to the provincial Drainage Act. This is especially significant, because the government discussion paper had unfairly downplayed the significance of drainage losses.

Many of the responses also addressed the need for better solutions to wetlands problems. They called for a clear policy for their protection, and for financial incentives for landowners to encourage preservation. On the other side of the financial coin, a number of submissions suggested that drainage projects should no longer be subsidized by provincial grants. As well, 122 of the responses asked the Government to ensure that drainage proposals are subject to environmental assessment or cost-benefit analysis. The same point was strongly made in a brief by Ontario's conservation authorities, demanding that the present exemption for drainage from the Environmental Assessment Act be ended.

If you have a Realistic Video Disc Player you see the movies you want when you want

Save $100

See WHAT you want, WHEN you want, with the Realistic CED-1. It's inexpensive and easy to use. Just slip in a disc, remove the sleeve, and enjoy! You can even connect the CED-1 to your stereo system for fine-quality audio. A full-function remote control lets you duplicate all front-panel functions from up to 20 feet away. Search forward and reverse, pause, or return to the beginning of the disc immediately. That's a lot of features for our low price! See it today and turn your TV into a home entertainment centre!

Onomatopoeia. A strange word that one doesn't hear too often. That is unless you are a member of Mr. Gerald Irish's grade five A class at Archie Stouffer Elementary School.

In their study of the English language, the students were asked to describe aspects of the winter scene using onomatopoetic words, words that imitate the sound of the action they are attempting to portray. (Buzz and hiss are two examples of onomatopoeia.)

The following are some examples of the student's efforts:

ONOMATOPOEIA

THE WIND WAS BLOWING AND CRACK, A BRANCH FELL. THEN A WOLF HOWLED WITH THE WIND. I WALKED OUTSIDE AND THE AIR WAS CRISP AND CLEAN.

DARNELL FRANCIS

THE ICE WENT CRACK AND THE WIND HOWLED. SWOOSH AND SNAP WENT THE TREE BRANCH.

ANGELA GROZELLE

THE WIND WENT WHOOSH AS I WENT SWOOSH ACROSS THE NEW-FALLEN SNOW. IT WAS CRISP AND CLEAN AS I SKIMMED ALONG ON MY POLISHED SKIIS. I SHIVERED AND SHOOK AS THE WIND BLEW IN MY FACE. IT WAS FUN. IT WAS GREAT.

CELINA YEO

THE HOWL OF THE WIND,
THE SPLISH, SPLASH OF THE SLUSH,
AND THE SKIM OF THE SKIIS,
THE SHIVERS AND SHAKES OF MANY PEOPLE
BRING CHEER ALL ACROSS THE COUNTRYSIDE.

DALE ENGLISH

THE WINTER'S SHIVERING MOAN AND GROAN
WITH A SWISH AND A SWOOSH AND A SNAP, CRACKLE, POP OF THE SNOW BENEATH MY FEET
I SPLISHED AND SPLASHED OVER THE ICE BELOW.

CHRIS HOLLIDAY-RHODES

CRACK GOES THE THIN ICE,
CRUNCH GOES THE CRISP SNOW,
THE HOWL OF THE WIND
MAKES ME SHIVER AS THE BLOW OF THE WIND MOANS BY.
SWOOSH AND SKIM AS THE SKIIS GLIDE BY
AS THE SUN SPARKLES ON THE CRUNCHY SNOW.

KAREN COOPER

THE WIND MOANED AS IT BLEW. THE SOFT, CRISP, SPARKLING SNOW UNDER MY BOOTS WENT CRUNCH AND MY BODY SHIVERED AS A WOLF HOWLED NEARBY.
THE WIND HOWLED AT THE OLD, DEAD TREES. YOU COULD HEAR THE WOODCUTTERS' AXES AS THEY SPLIT THE OLD, DEAD TREES. DOWN THEY CAME WITH A CRUNCH, THEN WITH A BANG. BRANCHES BROKE OFF WITH A SNAP AND FELL WITH A SPLAT.

LAURIE SMITH

CRISP, CRACK, CRUNCH AS I WALK ACROSS THE SHIVERING SNOW. SWISH, SWOOSH AS THE WIND MOANS BY MY SHIVERING BODY.

MIKE ROWDEN

AS I WALKED THROUGH THE SNOW I HEARD A SWOOSH AND A SWIRL AND THERE BESIDE ME LAY A SQUIRREL.

VALERIE LOUCKS

THE WIND BLEW. THE ICE CRACKED. THE SLUSH WENT SPLISH. THE SNOW SPARKLED. THE BRANCHES SNAPPED, WHILE I SHIVERED IN THE SNOW.

MATTHEW

THE WIND HOWLED AND MOANED. THE TREE SNAPPED AS IT FELL TO THE GROUND, AND THE SNOW SPARKLED IN THE MOONLIGHT.

JOEY BOYLE

WHOOSH WENT THE WIND,
CRACK WENT THE ICE.
I WALKED ON THE CRISP, CRUNCHY SNOW
AND SPLASH I WENT AS I FELL.

TANYA LITTLE

THE WIND WENT SWOOSH AND WHOOSH. THE SNOW WENT CRACK AND SNAP. THE WIND WHISTLED AND MADE ME SHIVER.

SONYA COOPER

I GLIDED THROUGH THE AIR. I COULD HEAR THE HOWL OF THE WIND. WHEN I SPLASHED INTO THE LAKE, I COULD HEAR THE HOWL OF A WOLF NEARBY.

DAVID LACEY

THE SNOW WAS FRESH AND CRISP. THEN SOMETHING WENT BY ME WITH A SWISH. THEN IT HOWLED AND HOWLED, BUT I SOON FOUND OUT IT WAS ONLY AN OWL.

MICHELLE POTTER

MY FEET WENT CRUNCH IN THE CRUSTY SNOW. AS SWOOSH, WOOSH DID THE NORTH WIND BLOW. THE SNAP, CRACK OF A TREE MADE ME FLEE HOME LIKE A BEE. I SIPPED MY APPLE CIDER IN FRONT OF A CRACKLING FIRE.

CHERYL RUSSELL

MY SNOWBALL FLEW AND SPLATTERED AS MY SKIS SKIMMED OVER THE SMOOTH SNOW. THE CRISP WIND MOANED ACROSS THE SKY AND I SHIVERED.

STEPHEN SCHRADER

THE WIND BLEW AS I WALKED THROUGH THE CRISP, CRUNCHY SNOW AND IT WENT SNAP, CRACKLE, POP AND I STARTED TO SHIVER AS THE WIND BLEW BY.

ABBY BURK

Cars, snowmobiles keep police busy during week

There were a series of automobile accidents the past week in the county resulting in several injuries.

Three women had their trip to Florida cut short when Catherine Feir, 23, of Haliburton lost control of her 1980 Pontiac on ice. The car left the road and rolled over hitting a rockcut. The accident, on Highway 35 south of Minden resulted in $6,700 damage to the car. Feir and her passengers, Kathryn Dawson, 23, of Dysart township and Barbara McPhail, 22, of West Guilford were treated for minor injuries at Minden hospital and then released.

Investigated by PC Paul Shaughnessy.

Children hurt

Two school children received minor injuries when their school bus, operated by Arthur Peter Mayhew, 57, of Wilberforce slid off a snow covered hill and struck a tree. The January 11 accident on Grace Lake Road resulted in injuries to Brenda Blackburn, 7, of Martin's Mill and Jackie Foottit, 6, of Harcourt and $2,000 damage to the bus.

Investigated by PC Al Barnes.

Head-on

A head-on collision resulted in $3,000 damage to a 1982 Renault and $2,500 to a 1973 Datsun on January 14 on North Kashagawigamog Lake Road. Mark Hollands, 24, of Dysart township, was charged with failing to yield right of way. He turned out of a private drive striking the Renault operated by James Bennett, 17, of Dysart township.

Investigated by PC Brian Ladurantaye.

Roll over

Scott Mitchell, 17, of Dysart township lost control of the 1976 Pontiac he was driving and rolled it on Highway 121 in Dysart, January 14.

Investigated by PC Brian Ladurantaye.

Slippery conditions

Murray Hogg, 49, of Oshawa, rolled his 1980 Chrysler January 15 when he failed to make the top of a private driveway in Minden township. The Chrysler slid backwards due to the icy conditions and rolled over a stump causing $4,500 to the car.

Investigated by PC Jim Solway.

Jogging

A man was struck by a 1980 snowmobile as he was jogging from his fish-hut on Kushog Lake in Stanhope township January 15.

Edward Ray, 45, of R.R. 2, Minden, sustained a broken leg and ribs when he ran directly in the path of the snowmobile operated by Michael Richard Green, 26, of Baysville. Ray was taken to Minden Hospital then transferred to St. Joseph's Hospital in Peterborough.

Investigated by PC Bob Pearson.

Snowmobiles collide

Pamela Harvey, 20, of Markham, was charged with careless operation of a motorized snow vehicle after a head on collision involving two snowmobiles January 15.

Harvey and David Wenger, 19, of Toronto, received minor injuries in the Havelock township accident.

Wenger's 1978 Moto-Ski received $900 damage and Harvey's 1981 Moto-Ski received $300 damage.

Investigated by PC Paul Shaughnessy.

Minor injuries

Verna Warren, 62, of Don Mills, was treated for minor injuries after her 1978 Plymouth slid off the snow covered Bobcaygeon Road in Minden township January 15.

The car received $1800 in damages when it rolled over into the ditch.

Investigated by PC Barry Connelly.

Record keeping is important for farmers

The other day I had an interesting discussion with a young beef farmer in Victoria County. I asked him if he was interested in participating in the financial management short course we're planning for area beef producers.

Apparently he'd just come from his bank, where the manager had discussed financial management with him. And the night before he'd read a couple of articles in the farm papers about the same topic.

As a result, he was more than ready for a good discussion about managing finances with me.

My friend's reaction is maybe typical of the reaction of many other farmers.

He feels that some people imply that if a farmer keeps a good set of records then he won't get into financial difficulty. It doesn't matter how much beef is produced on the farm, it doesn't matter if beef prices drop drastically, it doesn't matter how high the interest rates go or how much fuel costs. Just do all the fancy paper-work that's needed today, and your farm will be okay.

I'm afraid a lot of farmers may be confused by what they are hearing about financial management. Let's try to sort out some of that confusion.

A dairy farmer recently said "if there's no milk flow, there'll be no cash flow." How true. Every farmer has to look after his production levels, or he won't have the necessary income. Good records can help a farmer keep track of that production.

Farmers generally hate to pay income tax. Most years that isn't a problem for many farmers as they don't have enough income to be taxable. But when a farmer does have a good year, too often he'll go out and spend money on some major purchase to be sure he isn't in a taxable bracket. Sometimes that major purchase is something the farmer can't really afford, and he gets into difficulty a year or two later because of that expenditure. It would have been better to pay some income tax.

Again, good records can help a farmer know his financial situation during the year, and help prevent unnecessary expenditures.

Farmers have traditionally completed their farm records once a year at tax time. This used to be quite O.K. However, in the last few years, the economy has been changing so rapidly, that some farmers have found out too late, that they are in trouble.

Keeping good records won't keep any farmer out of financial difficulty - but they can warn him of this trouble before it's too late. That's why farm advisors such as bankers, accountants and Agricultural Representatives are stressing financial management and good record keeping.

These things alone won't solve any problems. But if we can help a farmer recognize a problem early enough when he is still able to take some action to correct it, then we will have achieved what we hoped to do.

(Prepared by Ministry of Agriculture and Food representative, Carm Hamilton)

Between the pins

On Sunday, January 16 at Carnarvon Lanes the Sunbeam High - Low Doubles Zone Round was bowled. The winners were Mary Lou Bird and Dorothy Baker with a plus 177 pins over average. They won Quasar Electric Calculators. Placing second with a plus 151 pins over average was Virna Wagg and Frank Hargreaves, winning Jerome Alexander hair dryers. Third place winners were Wally Clay and Wilbur Gibbs, with a plus 131. They won Deluxe Salad Spinners. Fourth place was Wes Stata and Al Arbuthnot with a plus 71, winning a 5 piece condiment set. Fifth place winners were Richard Cummings and Fran Ineson with a plus 50, winning blue rose bon bon dishes.

House round winners in the high-low doubles were Mary Lou Bird and Dorothy Baker, Wally Clay and Nancy Moore, Wes Stata and Al Arbuthnot, Richard Cummings and Fran Ineson, Marilyn Terry and Ruth Johnson, all winning silver trays.

Vankoughnet Mixed

Standings as of January 6

Not-to-night: 246 points; Rolling Smurfs: 224 points; Hit & Miss: 214 points; Headpins: 214 points; Still Tryin': 202 points and Southern Comfort: 198 points.

And Ruthie Johnson bowled too!

Men's High Average

Ron Robinson, Sr. 216 and Gord Everall 215.

Ladies High Average

Audrey Fountain 197 and Lou Conway 191.

Men's High Single

Ken Thompson 322, Bob Robinson and Doug Robinson 316.

Ladies High Average

Marilyn Terry 340 and Audrey Fountain 305.

Mens High Triple

Booster Club

Winning number for January 7 were 114 and 138. Winning numbers for January 14 were 75 and 108.

YBC News

Not a lot of news from the youth bowlers this week. We are in the midst of the Four Steps to Stardom playoffs and have two more weeks to go on it.

Next week, January 22, is the In-House Family Twosome. There will be two sessions, morning and afternoon. Gord Everall of Carnarvon Lanes will be pleased to furnish further information if required.

Richard Beers

kinette corner

January 11 was the sixth General Meeting of the Minden Kinette Club was held. The Kinette's held a bridal shower for Debbie Stevens, daughter of Kinette Jean and Kin Lewis. Best of luck to you Debbie from the Kinettes. On January 13, we held a tea for about 60 Senior Citizens at Hyland Crest. On January 21, the girls will hold another card party at Hyland Crest. Everybody is welcome.

On January 28, 29 and 30 the Kinsmen will have their annual Winter Carnival and all Kinettes are asked to help out our Kinsmen. That's about all I have for this month.

Don't forget, February 12 - Valentine Dance at Minden Arena. At the dance, the draw will be held for a handmade tied quilt. Tickets on the draw are available now at Beckers, Stedmans, Home Hardware and Kawartha Dairy, or any Kinette club member, at $1.00 each. All proceeds will go to Cystic Fibrosis. The quilt may be seen at Beckers store.

In Minden phone Ken Fielding at 286-2440

senior league

by Bert Harrison

Well, no music for the service Sunday night, we were feeling rather blue; the Thompsons are home again, but this time they have the "flu". Rev. Burgess spoke on "Cast your burdens on the Lord, for he cares for you". We all sang as best we could, with voices a little cracked, it really will be nice again to have the Thompsons back.

Annie Cox celebrated her 90th birthday and she was as pleased as she could be when her grandson took the notion to send a cable of congratulations from the Pacific Ocean. She also had a call that same day from her nephew Reg Hie who lives so far away.

Della Curry on Sunday was feeling rather blue when her son dropped in to spend an hour or two. Others having birthdays in January 1983 are Doris Vaughan, Hugh McEachern, Herbert Shorter and Royce Harrison.

Linda showed some interesting movies on Monday evening, "The Desert is Dying", "The Face of the Earth" and "Wild life sanctuary" (Birds taking flight).

Rev. Wicks of Minden Gospel Church held a nice service in the chapel this January day. Agnes Taylor had trouble getting out of her driveway, but she and Barbara made it to sing and play. We thank them all for coming this cold and icy day.

Tuesday night came, Deacon, Payne and Crowe to Hyland Crest and put on a real good show, with music and with song. Alfred Richardson helped them sing along.

The ladies in the craft room, I didn't know what they were doing, so I went down to see. They were singing "The old grey mare, she ain't what she used to be, no siree".

The ladies of the Minden Kinette club came on Thursday afternoon to serve the tea party, but they came a little soon. They brought a lovely birthday cake in the shape of a teddy bear all nice and brown, baked by a lady right here in Minden town.

Chris Precoor won 9 bingos Thursday night, isn't that just great? It is the highest score we have heard of up to date.

We welcome our administrator back from a holiday, things don't seem quite the same when he is away. Down at fun and fitness Doris got up to dance, I don't know just what happened, but she nearly lost her pants.

Ted Carr is back from Peterborough after surgery on his middle, the doctors have him all fixed up again as fit as a fiddle. Sorry to miss sing-a-long time on Friday afternoon, but we had company that kept us in our room.

They say that money talks, but our dollar hasn't enough cents to make conversation.

Fire protection agreement approved

The contract for fire coverage in a portion of Snowdon Township by the Minden fire department has been approved by the Anson, Hindon and Minden Township council. The council received the request from Snowdon representatives Reeve Bob Vick and Councillor Jack Hills at the January 13 meeting.

The Snowdon representatives requested coverage along County Road one (or Highway 519 as Reeve Vick insisted it be called) from Howland Junction north. Snowdon also draws protection services from the Kinmount fire brigade to the south, Dysart on the east and Glamorgan Township in the south east.

The request includes the proviso that the Minden department not respond to dump fires or automobile fires unless authorized by a member of the Snowdon council. Minden fire chief 'Deac' Jackson pointed out that the cost of car fires which occur on provincial highways are covered by the Ministry of Transportation and Communications.

The Minden council requested an across the board ten percent increase in fees charged for the service. Last year Snowdon township paid $1000 as the stand-by fee, $150 for the first hour of an actual fire call and $75 for each additional hour.

Snowdon Reeve Bob Vick asked that the stand-by fee remain at $1000 since that is the amount the township pays for the same service from Dysart Township. He suggested that the payments for actual fire calls could be increased more than 10% to help cover the difference. The cost of the first hour of a call would increase to $175 with subsequent hours being charged at $85.

The Minden council accepted this idea. Exact areas of coverage by the Minden department were to be established by Reeve Vick and the fire chief.

around the county town

by Yvonne Guida

A Eulogy for Two Friends

Last Saturday evening, I lost two very close and dear friends. Dr. Agnes Jamieson who died of a stroke in Hollywood, Florida and James Guida, my father-in-law who succumbed to the ravages of a stroke after a ten week battle. Anyone who has known these good people cannot fail to be affected for having known them. Agnes, I have known since I was a teenager. Her sparkling eyes and boundless energy were well-known and she trekked endless miles, winter and summer to bring help and comfort to the sick and suffering. She took part in community life because she loved Minden, and we are greatly in her debt for establishing the Agnes Jamieson Art Gallery for the pleasure of all. My father-in-law came to America from Palermo, Italy, when he was fourteen. He could not speak English but through hard work and perserverance became a highly successful manufacturer and well-respected by members of his trade and everyone he came in contact with. He was a kind and gentle man. These people will be sorely missed but we hope they have found rest from all their labours.

* * *

I would like to apologize for a printing error that appeared in my column last week. I was startled to say the least when I read what was supposed to have said: I am happy to report, to: I am sorry to report on the convalescence of Allan Stott. I am sorry for the error Allan. We are all happy you are on the mend.

* * *

I was treated to a unique listening experience the other evening, courtesy of CFMX-FM. A performance of Edouard Talos' Symphonie Espangole, with Pinkus Zukerman violinist and the Los Angeles Symphony conducted by my favourite conductor, Zubin Mehta. Maestro Mehta has been kind enough to send me a listing of his recordings, which I am slowly obtaining. His recordings are something to treasure if you are a classic buff as I am.

* * *

I, for one, was thoroughly disgusted to read of the new postal rates. I would not mind if we got service for our money (the U.S. is still paying 20¢ for a letter) but they have cut us to four days a week and I am still getting Christmas mail. Between the Canada Postal Corp. and the exorbitant telephone rates, how do they expect people to communicate?

* * *

I am sorry to report that Lyman Cox has suffered a severe stroke and is presently confined to Civic Hospital in Peterborough, and Ernest Berry of Hyland Crest fell and fractured his thigh. He is in St. Joseph's Hospital, also in Peterborough. We wish them both a speedy recovery.

* * *

Joyce Hewitt is sick with a bad cold and her sister Mrs. Harry Austin of Brady Lake is in Minden Red Cross Hospital. We hope both these ladies will soon be well again.

* * *

The Thrift Shop at St. Paul's will be open this Friday from 1:30 to 4 p.m. Joyce Hewitt, Yvonne Beaucage and helpers are to be commended on the excellent work they do in the Thrift Shop. Please do take advantage of the good buys they offer.

* * *

The winners of the Mini-Card Party at St. Paul's are as follows: cribbage - Joyce Hewitt, euchre - lone hands: May Spence and high: Shirley Elcome. There was an excellent turnout for this card party.

* * *

Mr. and Mrs. Paul Warburton and sons of Scarborough, visited with their parents in the village over the weekend.

* * *

There will be free movies shown in the Common Room of the Minden Cultural Centre this Friday. Movies for adults will be shown from 2 - 3 p.m. and for children from 7:15 to 8:15 p.m. Everyone is welcome.

* * *

On Monday night, I had the distinct thrill of hearing two of my poems read to exquisite music on the radio program Measure to Measure on CFMX-FM. It was a marvellous feeling.

* * *

What Will Be?

The nations of the world I fear
Should have a common flag this year.
Of red for blood and hate and lust
And grey for every man's distrust
Of other men!
And then add black to mark the days
We turn our backs and will not gaze
On what is right.
On what was meant to be.
A lovely man from Galilee, who died for us
And on his cross at Calvary
Still clinging to his love for man
Did to his Father cry -
"Forgive them Father, ere I die - they know not what they do!"
And though two thousand years have passed
The anguished cry rings still today.
When will the blinded people see
The promise of Eternity, means love your brother,
Not just for race or creed or colour.
And when two million years have passed,
When God may show his face at last,
Will He find love and peace abound?
Or just the lowly, common ground!

Yvonne

kinmount klippings

(Intended for January 12 edition)

Happy birthday to Travis and Lisa McKenzie who celebrated both their birthdays together this past week. Travis is now five and Lisa is three.

* * *

Best wishes go out to Katrina Hartin who turns six years old on January 16 and also to daddy Leon who is celebrating his birthday this month but won't say how old he is.

* * *

Kinmount played hockey in Bobcaygeon against Burnt River on January 8 and won 9 - 7. Scorers were John Barkwell, Dennis Stata and John Dettman. Next game is this Thursday in Minden.

* * *

Happy birthday to Jeff Lettner, our weekend resident, who turns seventeen this week.

* * *

Broomball and public skating is now beginning. Get out and join your neighbours in some good clean fun.

* * *

Tony and I dropped in to visit with Grandma Bacon who was recently admitted to the Red Cross Hospital. Get well soon, Grandma, our sing-songs are not the same without you.

* * *

Tony's Mom and Aunt Olive are currently with us from England and have both been lucky this trip. Mom Abela has won in the local bingo as well as $10 Wintario prize and Olive Saint was a bingo winner this past week at our Legion. They will say goodbye to Kinmount next Saturday and wish to thank all who made their visit enjoyable enough to have made them stay this extra week.

notice : public hearing

The CRTC will hold a public hearing on 1 March 1983 9:30 a.m. at the Conference Centre, Phase 4, 140 Promenade du Portage, Hull, Que. to consider the following:
Minden, Ont.: Application (821126000) by Cottagers Security and Services Ltd., Box 180, Maple Ave., Haliburton, Ont. to renew the licence for the broadcasting receiving undertaking serving Minden, expiring 30 Sept. 1983. The application may be examined at: Bonnie Pentney, Anson St., Minden, Ont.
How to intervene: anyone wishing to comment on an application must submit a written intervention, stating clearly and concisely the relevant facts and the reasons for the intervenor's support for, opposition to, or proposed modification of, the application; also whether or not the intervenor wishes to appear at the hearing.
Deadline for receipt of interventions at the Commision and with the applicant: 9 February 1983 to be sent by registered mail or personal delivery to the applicant and CRTC Ottawa, Ont., K1A 0N2 with proof of service and it must be actually received on specified date, not merely posted on this date.
Examination of applications and documents: at local address given in this notice and the CRTC, Central Building, les Terrasses de la Chaudiere, 1 Promenade du Portage, Room 561, Hull, Que.
Further information is outlined in the "CRTC Rules of Procedure" available for $1.50 from the Publishing Centre, Supply and Services Canada, Ottawa, Ont., K1A 0S9. Information: Write the CRTC, or phone 819-997-1027 or 997-1328. (NPH-82-97).

I wish to express my sincere appreciation to all my family and friends for the lovely cards, letters, flowers, gifts and prayers on my behalf, during my recent illness in Peterborough Civic Hospital. May God bless you.
Heather Bowron

The family of the late Marjorie E. Watson wishes to express sincere thanks to all her friends for the many acts of kindness shown to Marj during her time of failing health. For your thoughtfulness we are deeply grateful. To Lloyd and Helen Johnson and Dr. Holliday-Rhodes a particular thank you for your constant care and patience. The gesture of Loralee Lodge for the use of their facilities following Marj's funeral service exemplifies the Halls Lake hospitality that Marj loved so much.
